# Leather Cream

**Bardahl Leather Cream** is a blend of natural lanolin and waxes. It will protect and preserve fine leather so it remains smooth and supple with a gloss finish. Dirt can be removed easily as a result of the protective layer.

### **Directions for use**

Make sure the area to be treated is clean and dry. Shake the bottle well before using the product. Apply the Leather Cream with a dry cloth and let dry 30 seconds. Rub with a soft dry cloth. Use Leather Cream frequently to keep your leather in excellent condition. Do not use on suede.
